

MATERIAL WASTE VERIFICATION FORM

This form is to verify the point of origin for construction, demolition and roofing wastes delivered to the Pickles Butte Sanitary Landfill. **The waste transporter's signature certifies that the wastes were generated within Canyon County and do not contain Regulated Asbestos Containing Materials. (RACM)**

Site Location: _____
Address, construction site location, or subdivision with lot and block

Site Contractor: _____
Name of contractor/owner of site where waste has been generated Telephone number of site contractor/owner

Waste Transport Company _____
Please print name of waste transport Company

Waste Transporter Signature: _____
Signatory certifies that wastes originate from Canyon County

Canyon County Solid Waste reserves the right to turn away any suspicious load or load delivered without a complete Material Waste Verification form. The County may call the Site Contractor to verify where the load was generated and contents of the load.
