“Cover Your Load”

**Effective January 1, 2019...an Additional Fee of
\$50.00
For Uncovered/Unsecured Loads**

- Use a tarp big enough to completely cover your trailer or truck bed — a *minimum of four inches* should overlap the sides, front and back of your load.
- Tightly secure the tarp with ropes, bungee cords, netting or straps.
- Put lighter items at the bottom of the load.
- When transporting large items, make sure they are tied down and secured to the truck or trailer so they don't move.
- Don't overload — keep material level with the truck bed or trailer.
- Before leaving the landfill, remove any loose material that may remain in the trailer or truck bed.

What is an Unsecured/Uncovered Load?

An unsecured load is one that has not been covered and/or fastened to the vehicle with tarps, rope, straps, netting or chains, so as to prevent any part of the load from becoming loose and leaving the vehicle while it is moving.
