Canyon County Historic Preservation Funding Information

The Historic Preservation tax levy funds can go to:

- (1) Support of historical societies which operate primarily within the county; or
- (2) Support of museums operated within the county; or
- (3) Support of historical restoration projects undertaken within the county; or
- (4) Marking and development of historic sites within the county.

Idaho Code § 31-864 grants the boards of county commissioners in their respective counties **authority to levy** not more than twelve one-thousandths percent (.012%) on each dollar of market value for assessment purposes of taxable property within the County for the support of county historic societies and historic preservation projects.

Idaho Code § 31-864 **levy is assessed and collected twice per year**; therefore, the disbursement of the support award is contingent on availability of actual revenue collected. Support disbursements shall occur in accordance with a schedule set by the Canyon County Auditor and delays may result for failure to follow the Auditor's schedule or from the unavailability of funds.

Successful applicants shall biannually provide the County and the County's Historic Preservation Commission with a **project update** and a **project completion report** indicating steps taken toward the completion of the project and final results. These reports shall include documents to support any expenditures made towards the project, if any were made.

Agreements are effective on October 1st and end on September 30th of the following calendar year. Project extension requests must be submitted **before** the September 30th deadline.
